April 26, 2023

Board of Commissioners Carol Stream Park District 849 W. Lies Road Carol Stream, Illinois 60188

Honorable Commissioners:

The Annual Comprehensive Financial Report of the Carol Stream Park District for the fiscal year ended December 31, 2022 is submitted herewith.

Both local ordinance and state statutes require that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP). These ordinances and statutes require that the Park District issue annually a report on its financial position and activity, and that an independent firm of certified public accountants audit this report.

This report consists of management's representations concerning the finances of the Carol Stream Park District. This report was prepared by the District's Finance Department, and responsibility for both the accuracy of the presented data, and the completeness and fairness of the presentation, including all disclosures, rests with the Carol Stream Park District. To provide a reasonable basis for making these representations, management has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile reliable information for preparation of the District's financial statements. We believe the data, as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position and results of operations of the Carol Stream Park District as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the District's financial activities have been included.

The Carol Stream Park District's financial statements have been audited by Lauterbach & Amen, LLP. The independent auditor's report is presented as the first component of the financial section of this report. *Management's Discussion and Analysis* (MD&A) immediately follows the *Independent Auditor's Report* and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this *Letter of Transmittal* and should be read in conjunction with it.

The Reporting Entity and its Services

The Carol Stream Park District, incorporated in 1964, is a special district unit of local government and exists as authorized by the State of Illinois Park District Code. The District is located in the center of DuPage County, approximately 35 miles west of the city of Chicago. It serves the residents of Carol Stream, and small areas of Winfield, Wheaton, and unincorporated DuPage County. The population of the District is estimated to be 45,869.

The Park District has the power by state statute to extend its corporate limits by annexation, which is done periodically when deemed appropriate by the Park District's Board of Commissioners.

The Park District provides recreational services and opportunities for residents of all ages and abilities. These services include recreation programs, athletic programs, recreation facilities, park management, capital development, and general administration.

Active and passive parks owned or leased by the District include 41 sites totaling over 480 acres. Recreational facilities owned, leased, or operated by the District include Fountain View Recreation Center, Simkus Recreation Center, Coral Cove Water Park and Concession Stand, Coyote Crossing Mini Golf, Red Hawk Park and Concession Stand, McCaslin Park and Concession Stand, the Bark Park, and numerous softball/baseball, soccer, football, cricket, disc golf, playgrounds, open spaces, natural areas, gardens, ponds, picnic areas and a skate park.

The Park District operates under a seven-member board. Each board member serves a four-year term. The Park District Board of Commissioners is responsible, among other things, for passing ordinances, adopting the budget, and hiring the Executive Director, the Park District's attorney and independent auditor. The Executive Director is responsible for carrying out the policies and ordinances of the Board of Commissioners, for overseeing the day-to-day operations of the Park District and for hiring the Department heads for the various areas of the District. The Board is elected on a non-partisan basis. All Commissioners are elected at large.

The Park District includes all of the funds of its governmental operations and component units based on financial accountability. The accompanying financial statements include only those funds of the Park District, as there are no other organizations for which it has financial accountability. The Park District participates in the Illinois Municipal Retirement Fund (IMRF), the Western DuPage Special Recreation Association (WDSRA), and the Park District Risk Management Association (PDRMA). These organizations are separate government units and the Park District does not exercise financial accountability over these agencies so their financial statements are not included in this report. Additionally, the Park District partners with the Carol Stream Parks Foundation, a 501c(3) established to support public parks and recreation programs. The District does not exercise financial control over the Foundation; their financial statements are not included in this report. Audited financial statements for these organizations are available upon request from their business offices.

Economic Condition and Outlook

The District has not been immune to economic conditions, but has been aggressive in adjusting operations to remain financially stable. The District saw declines in total equalized assessed value of over 24% from 2010 - 2015 as a result of the 2008 economic crisis. Slow and steady growth from 2016-2022 has returned the equalized assessed value to the 2008 levels, and 2023 growth is estimated to increase by 4.51%. Current assessed valuation is \$1,643 million. Although the COVID -19 Pandemic had a big impact on revenue earnings, the District took immediate action to remain financially stable, which have resulted in steady recovery. Local indicators continue to reflect a stabilizing environment, with some new commercial development, and growth of light manufacturing and retail businesses.

Carol Stream's varied light manufacturing and a small industrial base add to the relative stability of the unemployment rate. The boundaries of the Carol Stream Park District include major industries with headquarters or divisions located in our main community. There are several printing, metal fabrication, and container companies, warehousing and distribution facilities and the United States Postal Service regional facility.

Management continued to be aggressive in cost containment efforts. As consumer confidence returned, the District was able to resume more activities, programming and events to meet community needs. The District's creative programming, some virtual options, and serving as one of the few recreational activity providers available during the Pandemic helped reinforce its reputation as an essential service within the community.

Significant Events and Accomplishments

Carol Stream Park District continues to pursue excellence, efficiency, innovation, and financial strength in all aspects of facility operations, recreation services, customer engagement and satisfaction, park and open space management, human resources and administration.

The District also continues to partner with local school districts and governments, the Village of Carol Stream, DuPage County, affiliates, private sector, and neighboring park districts to improve and expand recreational services to its residents that allow for economy of scale at an affordable cost to our residents.

Other accomplishments include:

- Received the Illinois Distinguished Accredited Agency Award 2012 & 2018.
- Received Level 'A' Risk Management Accreditation for PDRMA Loss Control Program.
- Received the GFOA Certificate of Achievement for Excellence in Financial Reporting for the twenty-second consecutive year for the fiscal year ended December 31, 2021.
- Awarded \$1,000,000 in Community Development Block Grants for 50% of the cost of construction for Community Park which provides a safe play area for an underserved area of the community with a high population of low-income families.
- Received a Power Play Grant to support recreational opportunities.

Major Initiatives

The Park District staff, under the direction and guidance of Senior Leadership and the Board of Commissioners has been involved in a variety of projects throughout the year. The projects were driven by the Mission of the District which is to "enrich our community by fulfilling our residents' needs for healthy, accessible, quality recreation activities, parks and facilities, and to be responsible stewards of our community resources." Some of these projects are being funded with bond proceeds authorized through the February, 2010 Referendum, and May, 2021 Issue; others are internal reviews of operations.

Current Year Projects Include:

- The District continued to address improvements in alignment with its formal ADA Transition Plan.
- Two more playgrounds had accessible surfaces installed under the play structures to accommodate ADA
 accessibility.
- The District completed regrading, widening and resurfacing of the Bierman Park Bike/Walking Path that surrounds Heritage Lake.
- The District completed roof replacement and exterior painting at Coyote Crossing Minigolf.
- The District completed Simkus Recreation Center dance and gymnastics annex room renovations.
- The District completed renovation and construction plans at Park on the Green.
- The District started Coral Cove Water Park renovations, including major pool repairs, waterslide and splash pad replacement and a facelift for the entrance, locker rooms, and lobby.

Future Projects Include:

- Community Park improvements will be completed this coming year and bring improvements to recreational space for a low-income, underserved area of the community.
- The District was awarded two Community Development Block Grants from DuPage County totaling \$1,000,000 to assist with the Community Park Renovation Project.
- Coral Cove Water Park renovations will be completed, including major pool repairs, waterslide and splash pad replacement and a facelift for the entrance, locker room, and lobby.
- The District has been awarded a \$400,000 OSLAD Grant to match its own funding with a renovation plan for Walter Park.
- Replacement of the turf infields at McCaslin Sports Complex will take place in the later part of the year.
- Regrading and reseeding of the District's Cricket Pitch will take place in summer of 2023.
- A new storage garage will be built at McCaslin Sports Complex to support the growing and profitable concession operations, and allow for expansion of that business.

The District also plans to continue updating and maintaining facilities, structures, athletic fields, playgrounds, technology and its general infrastructure under a schedule for repair and replacements.

Financial Management and Control

Accounting Systems & Internal Control

The Park District uses a modified accrual basis of accounting; with revenues recorded when available and measurable and expenditures being recorded when the liability is incurred.

Management of the Carol Steam Park District is responsible for establishing and maintaining internal controls to ensure that the assets of the District are protected from loss, theft, or misuse and to ensure that adequate accounting data is properly recorded to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition; and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within this framework. Internal control practices are also integrated into the budgetary management of the District's funds. Additional control is established through published policies and procedures for all aspects of accounting practices of the Park District which includes the recording of receipts and disbursements of funds.

Budgetary Control

Budgetary control is provided by verification of appropriation amounts prior to expenditures and monthly review of all account totals compared with appropriations. Additionally, the Board of Commissioners ratifies all expenditures. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Commissioners. Activities of the general fund, special revenue funds, debt service fund, and the capital projects funds (except the Cash in Lieu Fund) are included in the annual appropriated budget.

General Government Functions

The reporting period covered by these financial statements encompasses twelve months. Funds are provided for services by taxes, user fees, bond issuance, interest income, cash in lieu of land donations, and other sources.

Debt Administration

All general obligation bond payments are made from the Debt Service Fund. As of December 31, 2022, the District had eight outstanding General Obligation Bonds of various purposes including Limited Park Bonds, Unlimited Park Bonds and Capital Appreciation Bonds. The outstanding principal for these bonds totals \$56,290,871.

The Limited Park Bond (Series 2020A) was a refinance of a portion of the 2008B bond that will not extend the life of the bond. The Limited Park Bond, Series 2008B was new money for capital projects. This refinance allowed the District to reduce its total debt service.

The Taxable Limited Park Bond (Series 2020B) was a refinance of portions the 2008F bonds, portions of the 2010A bonds and portions of the Series 2010B bonds that will not extend the life of any bond. The Limited Park Bond (Series 2008F) was a refinance of portions of the 2008A and 2008B bonds and allowed the District to move forward with a capital improvement plan that focused on physical improvements and beautification.

The Park Bond (Series 2020C) was a refinance of all of the 2010E Build America Bonds that will not extend the life of the bond. This was the first issuance of the successful Park District voter referendum from February 2010. The referendum bonds allowed the District to construct a new recreation center with an indoor pool, renovate multiple parks and pathways, improve athletic fields, and create a dog park as well as other capital improvements. This refinance allowed the District to reduce its total debt service.

The Taxable Park Bond (Series 2020D) was a refinance of all of the 2011B Park Bonds that will not extend the life of the bond. This refinance allowed the District to reduce its total debt service.

The Taxable Limited Park Bond (Series 2021A) included a refinance of portions of the 2020A Bonds and portions of the 2020B Bonds that will not extend the life of any bond, as well as an issuance of new dollars that will allow the District to move forward with a capital improvement plan that focused on physical improvements and beautification.

The Taxable Park Bond (Series 2021B) was a refinance of portions of the 2011 Capital Appreciation Park Bonds and the 2016 Park Bonds that will not extend the life of the bonds. This refinance allowed the District to reduce its total debt service.

An unprecedented drop in 2011 EAV placed the District in a position of having exceeded their statutory debt issuance margin. While the District worked to seek legislative relief from this limit, the 2011A&B Series was formed through a combination of refunding bonds and taxable bonds. The Taxable Capital Appreciation Park Bonds (Series 2011A) was a refinance for all the 2005, 2008D, 2008E, 2008G, 2010C and 2010D bonds. The Park Bonds (Series 2011B) produced new funds for referendum capital projects.

In August 2012, the District obtained legislative relief in Illinois Statute 70 ILCS 1205/6-2, which ensured that the residents' needs would be fulfilled even though EAVs continued to decline. The final issuance of the referendum was then completed in March, 2013. The Park Bond (Series 2013) allowed the District to complete construction of Fountain View Recreation Center and open to the public September 7, 2013.

The General Obligation Bonds (Series 2016) was an advance refunding of Series 2013 to reduce the total debt service payments by approximately \$3,000,000. This par refinancing did not yield any additional funds, and did not extend the life of the bond. It was done to reduce future taxes to residents.

Cash Management

Cash temporarily idle during the year was invested in demand deposits, Certificates of Deposit, U.S. Government Securities, Treasuries, Illinois Trust (formerly Illinois Park District Liquid Asset Fund), and interest-bearing corporate checking accounts. These investments are short-term in nature.

Risk Management

The District is a member of the Park District Risk Management Agency (PDRMA), a joint risk management pool of park and forest preserve districts, which helps coordinate the Park District's risk management program. PDRMA provides certain loss coverage for workers' compensation and property damage claims on a partially self-funded basis. General liability insurance is completely self-funded.

Independent Audit

Chapter 70, Act 1205, of the Illinois Compiled Statutes requires that park districts secure a licensed public accountant to perform an annual audit of the financial statements. The firm of Lauterbach & Amen, LLP has performed this audit for the fiscal year ended December 31, 2022. The goal of the independent audit was to provide reasonable assurance that the financial statements are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. Their unmodified opinion on the basic financial statements is presented the financial section of this report.

Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Carol Stream Park District for its annual comprehensive report for the fiscal year ended December 31, 2021. This was the twenty-second consecutive year that the government has achieved this prestigious award.

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

This financial report was compiled through the efficient and dedicated effort of entire staff of the Finance Department and our independent auditors. Although prepared annually, this report would not be possible without the consistent attention to procedures and monitoring of accounts by the staff from all departments. The Finance staff would like to thank the Board of Commissioners for their interest and support in conducting a sound financial environment for the financial operations of the Carol Stream Park District.

Respectfully submitted,

Susan Rini

INDEPENDENT AUDITORS' REPORT

April 26, 2023

Members of the Board of Commissioners Carol Stream Park District Carol Stream, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Carol Stream Park District, Illinois, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Carol Stream Park District, Illinois, as of December 31, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Carol Stream Park District, Illinois April 26, 2023

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison schedules, the GASB-required pension, and other post-employment benefit (OPEB) reporting, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Carol Stream Park District, Illinois April 26, 2023

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Carol Stream Park District, Illinois' basic financial statements. The other supplementary information and supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, other supplementary information and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

LAUTERBACH & AMEN, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

Carol Stream Park District, Illinois Management's Discussion and Analysis December 31, 2022

The Carol Stream Park District (the District) discussion and analysis is offered to readers of the District's financial statements to: (1) summarize the financial highlights of the District, (2) present an overview of the District's financial position, (3) evaluate the District's recent activities resulting in net asset changes, (4) examine significant differences between the original budget, the final amended budget and final results, (5) review material changes in capital assets and long-term debt, and (6) recognize current facts or conditions that will impact the District.

The financial statements are prepared in accordance with generally accepted accounting principles (GAAP), and follow the guidelines of the Governmental Accounting Standards Board (GASB) in their Statement No. 34, "Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments." This standard requires financial reporting for the District in conformity with full accrual accounting, including the reporting of all capital assets net of depreciation."

We encourage readers to consider the information presented in the MD&A in conjunction with the information in the transmittal letter (which can be found in the financial section of this repot) and the District's Financial Statements (which can be found in the basic financial statement section of this repot).

Financial Highlights

- The net position of the District at the close of the most recent fiscal year was \$554,264. Of this amount, (\$9,185,689) (unrestricted net position) may be used to meet the District's ongoing obligations to citizens and creditors.
- Taxes collected for the current year were \$10,130,866 an increase of \$868,355 compared to the prior year's collections of \$9,262,511.
- Capital outlays of \$2,142,046 were expended for the year ended December 31, 2022 to maintain and develop the District's parks and recreational facilities.

Overview of the Financial Statements

Management's Discussion and Analysis introduces the District's basic financial statements. The basic financial statements are: (1) government-wide financial statements, (2) fund financial statements and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements. The *government-wide financial statements* incorporate all the District's governmental activities, in a manner similar to a private-sector business, using the economic resources measurement focus and the accrual basis of accounting.

The Statement of Net Position presents information on all of the District's assets, deferred outflows, liabilities, and deferred inflows with the difference between the three reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *Statement of Activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes (*governmental activities*); from *business-type activities* that are intended to recover all or a significant portion of their costs through user fees and charges. The governmental activities of the District include general government and culture and recreation. There are no business-type activities of the Carol Stream Park District. The District does not manage any fiduciary activities such as employee pension plans. Fiduciary activities would not be included in the government-wide statements since those assets would not be available to fund programs.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Carol Stream Park District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. With the focus on significant balances and operations, major funds are reported individually, while all others are combined into a single, aggregated presentation.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on short-term inflows and outflows of available resources, as well as on balances of expendable resources available at the end of the fiscal year. This information is useful in evaluating a government's near-term financing requirements.

The short-term focus of governmental funds is narrower than the long-term focus of the government-wide financial statements, making it useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The District maintains seven individual governmental funds to control resources for individual activities or objectives. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for activities considered to be major funds. Major funds are those whose revenues, expenditures/expenses, assets or liabilities are at least ten percent of the total for their fund category or type (governmental or enterprise) and at least five percent of the aggregate amount for all governmental and enterprise funds. Any fund may be reported as a major fund if management considers the fund particularly important to financial statement users. Data from the other governmental funds are combined into a single aggregated presentation.

Individual fund data for each of the non-major governmental funds is provided in the form of *combining statements* which can be found in the financial section of this report.

Non-Major Funds

General	Special Recreation
Recreation	Capital Improvement
Debt Service	Working Cash

Capital Improvements 2010

Major Funds

The Carol Stream Park District adopts an annual appropriated budget for all funds, except for the Working Cash Fund. Budgetary comparison schedules are included as required supplementary information for the General Fund and Recreation Fund and demonstrate compliance with the budget. Budgetary comparison schedules for other funds can be found in a later section of this report.

Notes to the Financial Statements. Additional information that is essential to a full understanding of the government-wide and fund financial statements is provided in the notes to the financial statements.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the District's progress in funding its obligation to provide pension benefits to its employees, and the aforementioned budgetary comparison schedules for the General Fund and major Special Revenue Funds. The required supplementary information which can be found in the financial section of this report. Other supplementary information is included by fund for receivables, payables, transfers and payments within the reporting entity.

Government-Wide Financial Analysis

The District's net position was \$554,264 at the close of the most recent fiscal year. A condensed version of the Statement of Net Position as of December 31, 2022 and 2021 is shown in Table 1 and includes information for the governmental activities.

Table 1
Carol Stream Park District's Net Position
Governmental Activities
For the Year Ended December 31, 2022

	 2022	2021
Current and Other Assets	\$ 20,560,115	20,270,339
Capital Assets	58,132,656	58,468,458
Total Assets	78,692,771	78,738,797
Deferred Outflows	12,280,141	12,195,087
Total Assets/Deferred Outflows	90,972,912	90,933,884
		_
Long-Term Debt	74,071,648	74,169,377
Other Liabilities	5,516,656	4,888,523
Total Liabilities	79,588,304	79,057,900
Deferred Inflows	10,830,344	11,840,111
Total Liabilities/Deferred Inflows	90,418,648	90,898,011
Net Position		
Net Investment in Capital Assets	7,272,042	7,970,137
Restricted	2,467,911	2,663,933
Unrestricted (Deficit)	 (9,185,689)	(10,598,197)
Total Net Position	554,264	35,873

A portion of the District's net position, \$7,272,042, reflects its net investment in capital assets (e.g., land, construction in progress, land improvements, buildings and constructed assets, machinery, and equipment, and vehicles), less the related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the District's net investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Another part of the District's net position, \$2,467,911, represents resources that are subject to external restrictions associated with the District's general obligation bonds and ancillary fund dollars. The remaining balance of unrestricted net position (\$9,185,689) may be used to meet the District's ongoing obligations to citizens and creditors.

A summary of the Changes in Net Position is shown in Table 2.

Governmental Activities. The governmental activities had an increase in net position of \$518,391 in the current fiscal year and ending total net position of \$554,264. The unrestricted portion of total net position is (\$9,185,689) and available to fund the District's ongoing obligations.

- The direct expenses for governmental activities were \$14,633,003 this year, with revenue sources sufficient to fund the activities.
- Major revenue sources were \$10,130,866 in property taxes, \$4,048,147 in program and service fees, and \$2,500 in operating grants.
- Interest increased from \$27,547 to \$76,248 due to improved market conditions related to rising inflation.

Financial Analysis of the Government's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The District's *governmental funds* provide information on short-term inflows, outflows, and balances of *expendable resources*. This information is useful in assessing the District's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

The governmental fund balance as of December 31, 2022 is \$8,295,126, a decrease of \$434,815 from the prior year. Of the total balance, \$111,455 is nonspendable, \$2,581,511 is restricted, \$4,468,296 is committed, \$189,640 is assigned and \$944,224 is unassigned; indicating availability for continuing the District's operations.

Major Governmental Funds. The General, Recreation, Debt Service, and Capital Improvement 2010 Referendum funds are the primary operating funds of the District.

The General Fund unassigned fund balance as of December 31, 2022 was \$944,224, an increase of \$189,781 from the prior year. This increase is primarily due to an increase in replacement taxes and the receipt of an ARPA grant. Increase in the total fund balance was \$279,121 and is due to spending less expenditures that were budgeted for in the current fiscal year.

The Recreation Fund committed fund balance of \$1,904,902 is an increase of \$749,830 from the prior year. The fund increased \$740,744 over prior year's balance due to increased program activity fees as a result of the return of consumer confidence.

The Debt Service Fund has a total fund balance of \$1,543,943 of which \$1,543,943 is restricted for payment of debt service.

The Capital Improvement 2010 Referendum Fund total fund balance of \$2,563,394 is a decrease of \$1,139,395 all of which is committed for future operations. The decrease is due to District spending on capital projects.

Nonmajor Governmental Funds. The Special Recreation Fund is one of the non-primary operating funds of the District. The balance decreased in the current fiscal year due to more capital outlay spending related to special recreation expenditures.

General Fund Budgetary Highlights

The District did not change the General Fund's operating budget in 2022.

The General Fund had revenues of \$3,197,500, which were \$211,808 over budget, and expenditures of \$2,918,379 which were \$5,559 under budget. Revenues were over budget due to taxes, intergovernmental, and interest coming in higher than what was originally budgeted and expenditures came in under budget due to the District keeping spending lower in the current fiscal year. The result was a positive budget variance of \$217,367.

The General Fund's excess of revenues and other financing sources over expenditures and other financing uses resulted in a net increase in fund balance of \$279,121 at the end of the year. This increase is mainly due to the increase in replacement taxes and lower than expected expenditures.

Capital Asset and Debt Administration

Capital Assets. The District's capital assets were appraised during the fiscal year ended April 30, 2005 to develop a capital asset system and comply with the requirements of GASB Statement 34. Data in the capital system was based on historical cost information and the physical inventory. Assets were grouped in appropriate classes with a normal useful life assigned to allow the calculation of accumulated depreciation and net book values as of December 31, 2022.

Capital assets, net of accumulated depreciation for governmental activities as of December 31, 2022 was \$58,132,656 (compared to \$58,468,458 at December 31, 2021). The District's net investment in capital assets as of December 31, 2022 was \$7,272,042. This net investment in capital assets includes land, construction in progress, land improvements, buildings and constructed assets, machinery and equipment, and vehicles, less any capital related debt.

Major capital asset events during the current fiscal year included replacing and widening the Heritage Lake/Bierman Park Pathway, installing accessible surfaces under the play structures at two playgrounds to accommodate ADA accessibility, replacing the roof and painting the building at Coyote Crossing Minigolf, and starting major renovations at Coral Cove Water Park.

Additional information on the District's capital assets can be found in Note 3 of this report.

Long-Term Debt. As of December 31, 2022, the District had total long-term liabilities of \$77,841,102 (compared to \$77,573,438 December 31, 2021), which includes an accrual of \$72,274 (\$68,687 at December 31, 2021) for compensated absences and deferred bond premiums of \$7,882,128 (\$8,682,042 at December 31, 2021). The long-term debt of \$56,290,871 is for general obligation bonds issued by the general government and being repaid from the applicable resources.

The District's total long-term liabilities increased \$267,664 during the current fiscal year.

With the passage of legislation, the District can issue non-referendum general obligation bonds based on the District's 1991 debt service level before the tax cap (\$1.488 million). The legal debt limits for the District are 2.875% of assessed valuation (\$45,201,149) for total debt issued including referendum and non-referendum bonds (\$49.9 million for current assessed valuation). In 2010, the District calculated and issued new bonds based on conservative EAV growth and debt limitations following the passage of a referendum in February. The District refinanced current and new bonds in late 2011 and early 2013, and passed additional legislation in August 2012 to address this issue.

Additional information on the District's long-term debt can be found in Note 3 of this report.

Economic Factors and Next Year's Budgets and Rates

The District's fiscal year 2023 budget was prepared conservatively based on an increase of 4.54% of 2022 tax receipts, with an increase in property taxes of approximately \$202,444, excluding bonds, due to a higher estimated amount of reassessment in EAV. Fees and charges are based on an analysis of the market and covering direct and a portion of indirect costs.

In the near term, the District is anticipating an increase in tax revenues based on a CPI of 5.0% announced for the 2023 tax levy (2024 fiscal year). In addition, the District is not aware of any economic factors that may adversely affect its financial circumstances in the future.

Requests for Information

This financial report is designed to provide a general overview of the Carol Stream Park District's finances, comply with finance related laws and regulations and demonstrate the District's commitment to public accountability. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Susan Rini, Deputy Director, or Lisa Scumaci, Superintendent of Finance and Accounting, Carol Stream Park District, 849 W. Lies Road, Carol Stream, IL 60188.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

Government-Wide Financial Statements

Fund Financial Statements

Governmental Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

Amortization of Loss on Refunding	(829,405)
Changes to accrued interest on long-term debt in the Statement of Activities	
does not require the use of current financial resources and, therefore, are not	
reported as expenditures in the governmental funds.	 447
Changes in Net Position of Governmental Activities	 518,391

Notes to the Financial Statements December 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Carol Stream Park District (District) of Illinois is duly organized and existing under the provisions of the laws of the State of Illinois. The District is operating under the provisions of the Park District Code of the State of Illinois approved July 8, 1947 and under all laws amendatory thereto. The District operates under the commissioner-director form of government (an elected Board of seven District commissioners). The District provides a variety of recreational facilities, programs, and services.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the District's accounting policies established in GAAP and used by the District are described below.

REPORTING ENTITY

In determining the financial reporting entity, the District complies with the provisions of GASB Statement No. 61 "The Financial Reporting Omnibus - an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the District. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

BASIS OF PRESENTATION

Government-Wide Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental. The District's preservation of open space, recreational program activities, development and maintenance of the District's various parks and facilities, and general administration are all classified as governmental activities.

In the government-wide Statement of Net Position, the governmental activities column is (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The District's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions (culture and recreation, etc.). The functions are supported by general government revenues (property and personal property replacement taxes, certain intergovernmental revenues, interest, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Notes to the Financial Statements December 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Government-Wide Statements - Continued

The net costs (by function) are normally covered by general revenue (property and personal property replacement taxes, charges for services, interest income, etc.).

The District does not allocate indirect costs. An administrative and maintenance service fee is charged by the General Fund to the other operating funds that is eliminated like a reimbursement (reducing the revenue and expense in the General Fund) to recover the direct costs of General Fund services provided (finance, personnel, purchasing, legal, technology management, maintenance of buildings, grounds and natural areas).

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. All of the District funds are reported as governmental funds. An emphasis is placed on major funds within the governmental category. A fund is considered major if it is a primary operating fund of the District or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental fund are at least 5 percent of the corresponding total for all governmental funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the District:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

General Fund is the general operating fund of the District. It accounts for all revenues and expenditures of the District which are not accounted for in other funds. The General Fund is a major fund.

Notes to the Financial Statements December 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Governmental Funds - Continued

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The District maintains two special revenue funds. The Recreation Fund, a major fund, is used to account for the operations of the recreation programs offered to residents. Financing is provided by specific annual property tax levy to the extent user charges are not sufficient to provide such financing.

Debt Service Fund are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Debt Service Fund is treated as a major fund and is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Capital Projects Funds are used to account for financial resources to be used for the acquisition of construction of major capital facilities. The District maintains two capital projects funds. The Capital Improvements 2010 Referendum Fund, a major fund, is used to account for projects associated with the successful passage of the District's 2010 Referendum, including capital repair and replacement funding from referendum project grant dollars received.

Permanent Fund are used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs, that is, for the benefit of the government or its citizenry. The District maintains one permanent fund.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, governmental activities are presented using the economic resources measurement focus as defined below. In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/ deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

The accounting objectives of the "economic resources" measurement focus is the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows, liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported.

Notes to the Financial Statements December 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING - Continued

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. The District recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

For purpose of the Statement of Net Position, the District's cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

Notes to the Financial Statements December 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes.

Prepaids

Prepaids are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type prepaids are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements.

Capital Assets

Capital assets purchased or acquired with an original cost of \$7,500, depending on asset class, or more are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expenses as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Land Improvements15 YearsBuildings and Constructed Assets15 - 50 YearsMachinery and Equipment10 - 20 YearsVehicles8 Years

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents a consumption/acquisition of net assets that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Notes to the Financial Statements December 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Compensated Absences

The District accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as "terminal leave" prior to retirement.

All vacation pay is accrued when incurred in the government-wide fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets - Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted - All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets."

Notes to the Financial Statements December 31, 2022

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- The Combined Budget and Appropriation Ordinance is prepared in tentative form by the Director of Finance and Administration and is made available by the Superintendent of Finance and Accounting for public inspection 30 days prior to final Board action. A public hearing is held on the tentative Combined Budget and Appropriation Ordinance to obtain taxpayer comments.
- Prior to January 1, the Appropriation Ordinance, which is generally fifteen percent (15%) greater than the operating budget, is legally enacted through the passage of a Combined Budget and Appropriation Ordinance. All actual expenditures contained herein have been compared to the operating budget.
- The Board of Park Commissioners may:
 - Amend the Budget and Appropriation ordinance in the same manner as its original enactment.
 - Transfer among items of any fund not exceeding in the aggregate fifteen percent (15%) of the total amount appropriated in such fund.
 - After six months of the fiscal year, by two-thirds vote transfer any appropriation item it anticipates to be unexpended to any other appropriation item.
- Management cannot amend the Budget and Appropriation Ordinance. However, expenditures may exceed appropriations at the sub-object level. Expenditures that exceed individual appropriations at the object level must be approved by the Board of Commissioners as outlined above.
- All budgets and appropriations are prepared based on the annual fiscal year of the District. The District does not use the encumbrance method of accounting. Budgetary funds are controlled by an integrated budgetary accounting system, in accordance with various legal requirements which govern the District.
- Budgets are adopted for the General Fund, the Special Revenue Funds, the Debt Service Fund and the
 Capital Projects Funds, on a basis of anticipated revenues to be received in cash, and expenditures to be
 incurred. This basis does not differ materially from generally accepted accounting principles (GAAP). All
 appropriations lapse at year end. There were no amendments adopted to the budget for the current year.

EXCESS OF ACTUAL EXPENDITURES OVER BUDGET IN INDIVIDUAL FUNDS

The following funds had an excess of actual expenditures, over budget as of the date of this report:

Fund	Excess
Recreation	\$ 150,957
Debt Service	400
Capital Improvement Account	13,414

Notes to the Financial Statements December 31, 2022

NOTE 3 - DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The District maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments." In addition, investments are separately held by several of the District's funds.

Permitted Deposits and Investments - Statutes authorize the District to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, the Illinois Public Reserves Investment Management Trust, and the the Illinois Park District Liquid Asset Fund

The Illinois Public Reserves Investment Management Trust (IPRIME) is an investment opportunity and cash management service for Illinois Municipal Treasurers acting on behalf of counties, townships, cities, towns, villages, special road districts, public water supply districts, fire protection districts, drainage districts, levee districts, sewer districts, housing authorities, and all other political corporations or subdivisions of the State of Illinois. Participation in IPRIME is voluntary. IPRIME is not registered with the SEC as an Investment Company. Investments in IPRIME are valued at the share price, the price for which the investment could be sold.

The Illinois Park District Liquid Asset Fund allows Illinois park districts, forest preserves and joint recreational programs to pool their funds for investment purposes. The Illinois Park District Liquid Asset Fund is composed of finance officials and treasurers all of whom are employees of the Illinois public agencies, which are investors in the Illinois Park District Liquid Asset Fund is not registered with the SEC as an investment company. Investments in the Illinois Park District Liquid Asset Fund are valued at the share price, the price for which the investment could be sold.

Interest Rate Risk, Credit Risk, Concentration of Credit Risk, and Custodial Credit Risk

Deposits. At year-end, the carrying amount of the District's deposits totaled \$4,303,128 and the bank balances totaled \$4,461,149.

Investments. The District has the following investment fair values and maturities:

	_	Investment Maturities (in Years)				
	Fair	Less Than			More Than	
Investment Type	Value	1	1-5	6-10	10	
U.S. Treasury Securities	\$ 2,969,280	2,969,280				
IPRIME	1,789,942	1,789,942		_	_	
IDLAF	401,121	401,121	_	_		
Totals	5,160,343	5,160,343				

Notes to the Financial Statements December 31, 2022

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS - Continued

Interest Rate Risk, Credit Risk, Concentration of Credit Risk, and Custodial Credit Risk - Continued

The District has the following recurring fair value measurements as of December 31, 2022:

- U.S. Treasury Securities of \$2,969,280 are valued using quoted market prices (Level 1 inputs)
- IPRIME of of \$1,789,942 are measured at the net asset value per share determined by the pool.
- IPDLAF of of \$401,121 are measured at the net asset value per share determined by the pool.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District's policy states that investing operating funds should be primarily in shorter-term securities, money-market mutual funds, or similar investment pools as a means of managing interest rate risk. Its practice is to structure the investment portfolio maturity dates in order to meet cash requirements for operations, capital projects and debt repayment schedules.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits investments in commercial paper, corporate bonds and mutual funds to the top two ratings issued by nationally recognized statistical rating organizations. The District's investment policy further states all institutions in which the District makes investments must be designated as approved depositories by the District's Board of Park Commissioners. As of December 31, 2022, the District's investment in the IPRIME and IPDLAF were rated AAAm by Standard and Poor's.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. The District's investment policy states that the investment objective is to make productive use of reserves while limiting credit risk. Therefore, the following limitations are in force:

- No individual issuer shall hold more than 5% of the District's investment portfolio (direct obligations of the U.S. Treasury, FDIC insured obligations and money market funds).
- At least quarterly, any outside investment managers must furnish a detailed list of holdings so that the District can be assured that the limitations established here have not been violated.

At year-end, the District does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's investment policy requires funds on deposit in excess of insured limits be secured by some form of collateral. The District will accept any of the following assets as collateral:

- a. U.S. Government Securities
- b. Obligations of Federal Agencies
- c. Obligations of the State of Illinois
- d. General Obligation Municipal Bonds rated "A" or better issued by a governing body in the State of Illinois
- e. First Real Estate Mortgage Obligations

Notes to the Financial Statements December 31, 2022

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS - Continued

Interest Rate Risk, Credit Risk, Concentration of Credit Risk, and Custodial Credit Risk - Continued

Custodial Credit Risk - Continued. The amount of collateral provided shall not be less than 110 percent of the fair market value of the net amount of District funds on deposit at each financial institution. At year-end, the entire amount of the bank balance of deposits was covered by collateral, federal depository or equivalent insurance.

For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District's investment policy does not address custodial credit risk for investments. At December 31, 2022, the District's investment in the IPRIME and IPDLAF are not subject to custodial credit risk.

PROPERTY TAXES

Property taxes for 2021 attach as an enforceable lien on January 1 on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments on or about June 1 and September 1. The County collects such taxes and remits them periodically.

INTERFUND TRANSFERS

Interfund transfers for the year consisted of the following:

Transfers In	Transfers Out	1	Amount
Recreation	Nonmajor Governmental	\$	20,828

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them.

Notes to the Financial Statements December 31, 2022

For the governmental activities, the compensated absences, the net pension liability/(asset), and the total OPEB liability are liquidated by the General Fund and Recreation Fund. Payments on the general obligation bonds and the general obligation capital appreciation bonds are made by the Debt Service Fund.

Defeased Debt

In prior years, the District defeased general obligation bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payment on the old bonds. Since the requirements which normally satisfy defeasance, have been met, the financial statements reflect satisfaction of the original liability through the irrevocable transfer to an escrow agent of an amount computed to be adequate to meet the future debt service requirements of the issue. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District's basic financial statements. Defeased bonds of \$17,100,000 remain outstanding as of the date of this report.

LONG-TERM DEBT - Continued

Legal Debt Margin

Chapter 70, Section 1205/6-2 of the Illinois Compiled Statutes provides "...for the payment of land condemned or purchased for parks or boulevards, for the building, maintaining, improving and protection of the same and for the payment of the expenses incident thereto, or for the acquisition of real estate and lands to be used as a site for an armory, any park district is authorized to issue the bonds or notes of such park district and pledge its property and credit therefore to an amount including existing indebtedness of such district so that the aggregate indebtedness of such district does not exceed 2.875% of the value of the taxable property therein, to be ascertained by the last assessment for state and county taxes previous to the issue from time to time of such bonds or notes or, until January 1, 1983, if greater, the sum that is produced by multiplying the district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, if a petition, signed by voters in number equal to not less than 2% of the voters of the district, who voted at the last general election in the district, asking that the authorized aggregate indebtedness of the district be increased to not more that .575% of the value of the taxable property therein, is presented to the Board and such increase is approved by the voters of the district at a referendum held on the question."

Assessed Valuation - 2021	\$ 1,572,213,867
Legal Debt Limit - 2.875% of Assessed Value	45,201,149
Amount of Debt Applicable to Limit	56,290,871
Debt Exemption Limit per 70 ILCS 1205/6-2	(15,000,000) *
Legal Debt Margin	3,910,278
Non-Referendum Legal Debt Limit .575% of Equalized Assessed Valuation	9,040,230
Amount of Debt Applicable to Limit Limited Tax Park Bonds	5,705,000
Non-Referendum Legal Debt Margin	3,335,230

^{*}Excludes \$15,000,000 of bonds that refunded bonds approved by referendum at the February 2, 2010 general primary election. Pursuant to Section 6-2 of the Park Code, such bonds are not subject to the percentage limitations imposed by, and are not considered as part of the existing principal indebtedness of the District for the purposes of any applicable statutory debt limitation.

FUND BALANCE CLASSIFICATIONS

In the governmental funds financial statements, the District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Commissioners; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Commissioners' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Commissioners itself or b) a body or official to which the Board of Commissioners has delegated the authority to assign amounts to be used for specific purposes. The District's highest level of decision-making authority is the Board of Commissioners, who is authorized to assign amounts to a specific purpose.

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The District's policy manual states that the General Fund and Recreation Fund should maintain a minimum fund balance equal to 5 months of budgeted operating expenditures less capital expenditures.

NOTE 4 - OTHER INFORMATION

RISK MANAGEMENT

Park District Risk Management Agency (PDRMA)

The District is exposed to various risks related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and net income losses. Since 1992, the District has been a member of the Park District Risk Management Agency (PDRMA) Property/Casualty Program, a joint risk management pool of park and forest preserve districts, and special recreation associations through which property, general liability, automobile liability, crime, boiler and machinery, public officials', employment practices liability and workers compensation coverage is provided in excess of specified limits for the members, acting as a single insurable unit. The following table is a summary of the coverage in effect as of January 1, 2022 to January 1, 2023:

Losses exceeding the per occurrence self-insured and reinsurance limit would be the responsibility of the District.

As a member of PDRMA's Property/Casualty Program, the District is represented on the Property/Casualty Program Council and the Membership Assembly and is entitled to one vote on each. The relationship between the District and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the District's governing body.

The District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigations and settlement, and to follow risk management procedures as outlined by PDRMA. Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member.

PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Program Council. PDRMA also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

Notes to the Financial Statements December 31, 2022

NOTE 4 - OTHER INFORMATION - Continued

RISK MANAGEMENT - Continued

Park District Risk Management Agency (PDRMA) - Continued

The following represents a summary of PDRMA's Property/Casualty Program balance sheet at December 31, 2021 and the statement of revenues and expenses for the period ending December 31, 2021. The District's portion of the overall equity of the pool is 0.633% or \$361,420.

Assets	\$ 77,156,496
Deferred Outflows of Resources - Pension	871,829
Liabilities	19,465,811
Deferred Inflows of Resources - Pension	1,466,716
Total Net Position	57,095,798
Operating Revenues	17,390,850
Nonoperating Revenues	2,635,445
Expenditures	19,688,616

Since 96.36% of PDRMA's liabilities are reserves for losses and loss adjustment expenses which are based on an actuarial estimate of the ultimate losses incurred, the Member Balances are adjusted annually as more recent loss information becomes available.

Park District Risk Management Agency (PDRMA) Health Program

Since May 1, 2015, the District has been a member of the Park District Risk Management Agency (PDRMA) Health Program, a health insurance pool of park districts, special recreation associations, and public service organizations through which medical, vision, dental, life and prescription drug coverages are provided in excess of specified limits for the members, acting as a single insurable unit. The pool purchases excess insurance covering single claims over \$300,000. Until January 1, 2001 the PDRMA Health Program was a separate legal entity formerly known as the Illinois Park Employees Health Network (IPEHN).

Members can choose to provide any combination of coverages available to their employees, and pay premiums accordingly.

Notes to the Financial Statements December 31, 2022

NOTE 4 - OTHER INFORMATION - Continued

RISK MANAGEMENT - Continued

Park District Risk Management Agency (PDRMA) Health Program - Continued

As a member of the PDRMA Health Program, the District is represented on the Health Program Council as well as the Membership Assembly and is entitled to one vote on each. The relationship between the member agency and PDRMA Health Program is governed by a contract and by-laws that have been adopted by a resolution of each member's governing body. Members are contractually obligated to make all monthly payments to the PDRMA Health Program and to fund any deficit of the PDRMA Health Program upon dissolution of the pool. They will share in any surplus of the pool based on a decision by the Health Program Council.

The following represents a summary of PDRMA's Health Program balance sheet at December 31, 2021 and the statement of revenues and expenses for the period ending December 31, 2021.

Assets	\$ 30,099,639
Deferred Outflows of Resources - Pension	373,641
Liabilities	4,502,442
Deferred Inflows of Resources - Pension	628,592
Total Net Position	25,342,246
Operating Revenues	32,172,095
Nonoperating Revenues	58,241
Expenditures	31,205,267

A large percentage of PDRMA's liabilities are reserves for losses and loss adjustment expenses, which are based on an actuarial estimate of the ultimate losses incurred.

JOINT VENTURE

Western DuPage Special Recreation Association

Effective May 1, 1996, the District became a member of the Western DuPage Special Recreation Association (WDSRA). WDSRA is an association of eight other area park districts that provides recreational programs and other activities for handicapped and impaired individuals. Each member agency shares equally in WDSRA, and generally provides funding based on up to .0400 cents per \$100 of its equalized assessed valuation. The District contributed \$308,325 to WDSRA during the current fiscal year.

The District does not have a direct financial interest in WDSRA and, therefore, it's investment therein is not reported within the financial statements. Upon dissolution of WDSRA, the assets, if any, shall be divided among the members in accordance with an equitable formula as determined by a unanimous vote of WDSRA's Board of Directors.

Complete financial statements for WDSRA can be obtained from WDSRA's administrative offices at 116 Schmale Road, Carol Stream, Illinois.

Notes to the Financial Statements December 31, 2022

NOTE 4 - OTHER INFORMATION - Continued

INTERGOVERNMENTAL AGREEMENTS

The District and the school districts have entered into agreements that provide for the reciprocal use of each organization's facilities and services. No revenues or expenditures have been included in the accompanying financial statements for usage of facilities shared by each organization, as it was not practical to determine such charges.

CONTINGENT LIABILITIES

Litigation

The District is not a defendant in any lawsuits.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN

Illinois Municipal Retirement Fund (IMRF)

The District contributes to the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local governments and school districts in Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

Plan Administration. All hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Notes to the Financial Statements December 31, 2022

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions

Benefits Provided. IMRF provides two tiers of pension benefits. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Plan Membership. As of December 31, 2022, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	41
Inactive Plan Members Entitled to but not yet Receiving Benefits	85
Active Plan Members	48
Total	174

Notes to the Financial Statements December 31, 2022

Plan Descriptions - Continued

Contributions. As set by statute, the District's Regular Plan Members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended December 31, 2022, the District's contribution was 11.45% of covered payroll.

Net Pension Liability/(Asset). The District's net pension liability/(asset) was measured as of December 31, 2022. The total pension liability used to calculate the net pension liability/(asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2022, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Fair Value
Actuarial Assumptions Interest Rate	7.25%
Salary Increases	2.85% to 13.75%
Cost of Living Adjustments	2.75%
Inflation	2.25%

Notes to the Financial Statements December 31, 2022

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Actuarial Assumptions - Continued. For nondisabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

		Long-Term
		Expected Real
Asset Class	Target	Rate of Return
Fixed Income	25.50%	4.90%
Domestic Equities	35.50%	6.50%
International Equities	18.00%	7.60%
Real Estate	10.50%	6.20%
Blended	9.50%	6.25% - 9.90%
Cash and Cash Equivalents	1.00%	4.00%

Illinois Municipal Retirement Fund (IMRF) - Continued

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that District contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability to changes in the discount rate. The table below presents the net pension liability of the District calculated using the discount rate as well as what the District's net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

		Current			
	1% Decrease	Discount Rate	1% Increase		
	(6.25%)	(7.25%)	(8.25%)		
Net Pension Liability	\$ 3,923,081	2,145,978	764,927

OTHER POST-EMPLOYMENT BENEFITS

General Information about the OPEB Plan

Plan Description. The District's defined benefit OPEB plan, Carol Stream Park District's Retiree Benefit Plan (RBP), provides OPEB for all permanent full-time general employees of the District. RBP is a single-employer defined benefit OPEB plan administered by the District. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the District Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits Provided. RBP provides healthcare, dental, and vision benefits for retirees and their dependents. Retirees and spousal/dependent may continue these benefits through COBRA provisions until the Medicare age. Retirees may not continue on the healthcare plan once Medicare eligible.

Plan Membership. As of December 31, 2022, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	1
Inactive Plan Members Entitled to but not yet Receiving Benefits	_
Active Plan Members	34
Total	35

Total OPEB Liability

The District's total OPEB liability was measured as of December 31, 2022, and was determined by an actuarial valuation as of December 31, 2022.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Notes to the Financial Statements December 31, 2022

NOTE 4 - OTHER INFORMATION - Continued

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The discount rate used to measure the total pension liability was 3.72%, while the prior valuation used 2.06%. The following presents the total OPEB liability, calculated using the discount rate, as well as what the total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher:

			Current	
	Decrease Discount Rate	1% Increase		
		(2.72%)	(3.72%)	(4.72%)
Total OPEB Liability	\$	242,482	229,842	217,893

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability, calculated using a varied Healthcare Trend Rate, as well as what the total OPEB liability would be if it were calculated using a Healthcare Trend Rate that is one percentage point lower or one percentage point higher:

			Healthcare		
		1%	Cost Trend	1%	
		Decrease	Rates	Increase	
_		(Varies)	(Varies)	(Varies)	
Total OPEB Liability	\$	210,259	229,842	253,381	

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

Per GASB Statement No. 75, under the Alternative Measurement Method, changes in Total OPEB Liability are immediately recognized as expense, resulting in no deferred outflows of resources or deferred inflows of resources related to OPEB.

For the year ended December 31, 2022, the District recognized OPEB revenue of \$227,900.

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Budgetary Comparison Schedules Major Governmental Funds
- Combining Statements Nonmajor Governmental Funds
- Budgetary Comparison Schedules Nonmajor Governmental Funds

INDIVIDUAL FUND SCHEDULES

GENERAL FUND

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital projects funds) that are legally restricted to expenditure for specified purposes.

Recreation Fund

The Recreation Fund is used to account for the operations of the recreation programs offered to residents. Financing is provided by a specific annual property tax levy to the extent user charges are not sufficient to provide such financing.

Special Recreation Fund

The Special Recreation Fund is used to account for the expenditures in connection with the District's participation in the Western DuPage Special Recreation Association, which provides recreation programs to the handicapped and impaired.

DEBT SERVICE FUND

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

CAPITAL PROJECTS FUNDS

The Capital Projects Funds are used to account for all financial resources used for the acquisition or construction of major capital facilities, equipment and capital asset replacement.

Capital Improvement 2010 Referendum Fund

The Capital Improvement 2010 Referendum Fund is used to account for projects associated with the successful passage of the District's 2010 Referendum, including capital repair and replacement funding from referendum project grant dollars received.

INDIVIDUAL FUND SCHEDULES

CAPITAL PROJECTS FUNDS - Continued

Capital Improvement Fund

The Capital Improvement Fund is used to account for prior capital project grant money received and is used to fund all major technology needs of the District.

PERMANENT FUND

The Permanent Fund is used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs, that is, for the benefit of the government or its citizenry.

Working Cash Fund

The Working Cash Fund is used to account for payments for general government expenditures if tax revenue is temporarily unavailable. Upon receipt of tax revenues, the general fund must repay this permanent fund.

STATISTICAL SECTION (Unaudited)

This part of the annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the District's most significant local revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Net Position by Component - Last Ten Fiscal Years* December 31, 2022 (Unaudited)

^{*}Tax rates are expressed in dollars per one hundred of assessed valuation.

Data Source: DuPage County Clerk's Office, Department of Tax Extensions

Note: The State of Illinois establishes a lien on property for the levy at the beginning of the calendar year. The taxing entities adopt their levies at the end of December of the same calendar year. The tax levies are for collections in the following calendar year. Therefore, the District's fiscal year 2022 relied on the property tax collections in 2022, which are from the 2021 tax levy year.

Data Source: DuPage County Clerk

Notes:

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the District's taxable assessed value that is within the boundaries of the government and dividing it by the government's total taxable assessed value.
